# **Chapter 2:If Tomorrow Comes Plot Summary**

If Tomorrow Comes by Sidney Sheldon is a gripping and fast-paced thriller that takes the reader on a captivating journey of revenge, intrigue, and suspense. The story centers around Tracy Whitney, a beautiful and intelligent woman who, after being wronged by the justice system, transforms herself into a master thief with a thirst for justice.

The novel begins with Tracy Whitney, a successful bank employee, who is planning to marry a wealthy man named Charles. However, her life takes a tragic turn when she is framed for a crime she did not commit by a man named Kevin. Tracy is sentenced to fifteen years in prison, where she decides to seek retribution and create a life filled with revenge.

While incarcerated, Tracy learns everything she can about the art of deception and manipulation. She befriends an inmate named Jean-Paul, who

teaches her the tricks of the trade. Tracy also becomes aware of a secret international organization called The Shadow, which influences world events and controls governments behind the scenes.

Upon her release from prison, Tracy begins her journey to rebuild her life and seek justice against those who wronged her. She assumes multiple identities and operates in different countries, stealing from the rich and corrupt while avoiding the law enforcement agencies that are determined to catch her.

Tracy's first target is her ex-fiancé, Charles, who conspired with Kevin to frame her. She seduces him, swindles his assets, and leaves him penniless. With her stolen wealth, Tracy travels to Europe and becomes involved with a con man named Jeff Stevens, who soon becomes her partner in crime and love interest.

Together, Tracy and Jeff plan a series of

high-stakes heists targeting wealthy criminals. They steal priceless works of art, smuggle diamonds, and execute elaborate cons to amass a fortune. Along the way, they encounter dangerous individuals, including a powerful and ruthless Mafia boss, Cesare Marchese.

While Tracy's life seems to be thriving, her ultimate goal is to destroy Kevin. Tracy discovers that Kevin has become a respected judge in New Orleans, leading her to form a plan to expose his corruption publicly. She manipulates her way into working as a secretary for his office and gathers evidence against him.

Tracy's scheme is disrupted when she falls for a charming and determined detective named David Bedford. As their relationship deepens, Tracy struggles with her dual life of crime and love. Finally, she is faced with a difficult decision: choose between the life she has built, or be with David and risk losing everything she has accomplished.

However, Tracy's world takes an unexpected turn when she is caught by the FBI while attempting to expose Kevin's illegal activities. She is taken into custody and faces the prospect of returning to prison. Tracy realizes that the only way she can survive and secure her freedom is by striking a deal with the FBI.

In the end, Tracy helps the FBI expose corruption within The Shadow, leading to the arrest of several high-ranking officials. She is finally granted a pardon and is free to enjoy her newfound freedom. Tracy also reconciles with David, proving that love can triumph over deceit and vengeance.

If Tomorrow Comes is a thrilling and intricate tale of a woman's quest for justice and redemption. Sidney Sheldon weaves a mesmerizing narrative filled with unexpected twists, intricate schemes, and a cast of intriguing characters. Tracy's transformation from a victim

to a powerful and resourceful thief demonstrates her resilience and determination. This gripping novel showcases Sheldon's talent for crafting gripping suspense, making it a must-read for any fan of the thriller genre.
